P.O. Box 1450  
Alexandria, VA 22313-1450COMMENTS ON STATEMENT FOR REASONS FOR ALLOWANCE

Applicant thanks the Examiner for his allowance of this application and agrees that all of the claims recite patentable subject matter. Applicant agrees that the Examiner has pointed out a difference between the prior art and elements of at least one claim as set forth in the reasons for allowance.

However, Applicant notes that not all of the claims recite the language set out in bold by the Examiner, and therefore, each claim must be individually construed and considered with respect to its claim elements. Moreover,

Application No.: 09/658,977

Docket No.: M&R 3.0-033

Applicant notes that each of the claims stands on its own merits and is patentable because of the combination it recites and not because of the presence or absence of any one particular element.
